If you do not agree to the terms and conditions of this Privacy Policy, including having your personally identifiable information ("Personal Information" as defined below) used in any of the ways described in this Privacy Policy, you may not be able to use certain parts or features of our Site and Services, and in some instances, this may necessitate the revocation of your membership. Angi may update this Privacy Policy from time-to-time in our sole discretion. It is your responsibility to review the Privacy Policy for any changes each time that you use the Site and Services and you are bound by such changes. Your use of the Site and Services following us posting a new privacy policy on our Site signifies that you agree to and accept the Privacy Policy as modified.

This Privacy Policy applies to the entire Angi family of products and services, such as our online services, our print publications, our call center services, and other Angi products or services. This Privacy Policy is part of our Angi Membership Agreement, Service Professional Agreement, Terms of Use, and all other terms of using our Site and Services.

Information Collected

Angi collects information on our users in various ways, such as, by your voluntary submissions, participation in services provided via the Site and Services, from third parties with your consent, and through cookie and other tracking technology. Angi collects the following information:

- *Personal Information*

"Personal Information" refers to information that tells us specifically who you are, such as your name, phone number, email, postal address, and possibly information relating to certain support or customer service issues. In many cases, we need this information to provide to you many of the services that you may have requested.

- *Session Data/Visit Recording*

By visiting the Angi Site and Services, you are agreeing that all your actions taken while visiting the Site and Services may be recorded by Angi and provided to third parties and partners. These actions may include but are not limited to filling out webforms and accepting terms and conditions and providing consent to be contacted.

- *Cellular Phone Numbers*

By providing a cellular telephone number to us, you expressly consent, and authorize us or a third party on our behalf, to deliver autodialed or prerecorded telemarketing calls and/or text messages to the number you provide. You are not required to consent to these calls as a condition to purchasing any goods or services, but withholding your consent may prevent us from providing certain services to you. This consent encompasses all future autodialed or prerecorded telemarketing calls and text messages from us or a third party placing these calls on our behalf. You may revoke consent to receive text messages at any time by contacting Angi, including by texting STOP.

- *Submission of Reviews, Ratings, and Comments*

We collect information that you voluntarily provide as part of our Site and Services, including messages, posts, comments, responses, reviews, and ratings you submit through the Site and Services, ("User Generated Content"). Angi may in our sole discretion share your

User Generated Content with others such as your business reviews. If you do not want certain information shared with others, you should not submit User Generated Content, or should not submit User Generated Content that contains information or Personal Information you do not want shared in this manner. Once You have submitted User Generated Content, we reserve the right to publish it in any medium to others.

- *Aggregate Information*

We may collect general, non-personal, statistical information about the use of the Site and Services, such as how many visitors visit a specific page on the Site, how long they stay on that page, and which hyperlinks, if any, they click on. This information represents a generic overview of our users, including their collective viewing habits, and allows us and other third parties to modify information, promotions, offers and/or discounts on products and services based on user traffic and behavior. We collect this information through the use of technologies such as 'cookies' and web beacons, which are discussed in greater detail below. We collect this information in order to help enhance the Site and Services to make for a better visitor experience.

- *Third Party Information*

We may supplement information you provide to us with information from other sources, such as information to validate or update your address, payment card or other demographic and lifestyle information. We use this information to help us maintain the accuracy of the information we collect, to enable us to fulfill our products and services, to target our communications so that we can inform you of products, services and offers that may be of interest, and for internal business analysis or other business purposes consistent with our mission.

- *Cookies*

Angi may automatically collect non-personally identifiable information and data through the use of cookies. Cookies are small text files a website uses to recognize repeat users, facilitate the user's ongoing access to the website and facilitate the use of the website. Cookies also allow a website to track usage behavior and compile site usage information that will allow for the improvement of content and target advertising. Most browsers allow you to control cookies, including whether or not to accept them and how to remove them. You may set your browsers to notify you if you receive a cookie, or you may choose to block cookies with your browser. However, please be aware that some features of our Site and Services may not function or may be slower if you refuse cookies. You may also get cookies from our advertisers or other third parties with links on the Site as described below. We do not directly control these cookies. The use of advertising cookies sent by third party ad servers is standard in the Internet industry.

We may use the services of third parties to collect and use anonymous information about your visits to and interactions with our website through the use of technologies such as cookies to personalize advertisements for goods and services. To learn more, or to opt-out of receiving online display advertisements tailored to your interests by our third party partners, visit the Digital Advertising Alliance Consumer Choice Page at <http://www.aboutads.info/choices/>.

- *Ad Choices*

You may choose whether to receive some Interest-based Advertising by submitting opt-outs. Some of the advertisers and Service Providers that perform advertising-related services for us and third parties may participate in the Digital Advertising Alliance's ("DAA") Self-Regulatory Program for Online Behavioral Advertising. To learn more about how you can exercise certain choices regarding Interest-based Advertising, including use of Cross-device Data for serving ads, visit <http://www.aboutads.info/choices/>, and <http://www.aboutads.info/appchoices> for information on the DAA's opt-out program specifically for mobile apps (including use of precise location for third party ads). Some of these companies may also be members of the Network Advertising Initiative ("NAI"). To learn more about the NAI and your opt-out options for their members, see <http://www.networkadvertising.org/choices/>. Please be aware that, even if you are able to opt out of certain kinds of Interest-based Advertising, you may continue to receive other types of ads. Opting out only means that those selected members should no longer deliver certain Interest-based Advertising to you but does not mean you will no longer receive any targeted content and/or ads (e.g., from other ad networks). Also, if your browsers are configured to reject cookies when you visit these opt-out webpages, or you subsequently erase your cookies, use a different device or web browser or use a non-browser-based method of access (e.g., mobile app), your NAI / DAA browser-based opt-out may not, or may no longer, be effective.

- *Other Tracking Technologies*

Tracking technologies may record information such as Internet domain and host names; protocol (IP) addresses; browser software and operating system types; clickstream patterns; the MAC address or other technical information from your mobile device; location information through GPS, WiFi, Bluetooth, or similar technologies; and dates and times that our Site and Services are accessed. An IP address is a number that is automatically assigned to your computer whenever you are surfing the web. Web servers, the computers that 'serve up' webpages, automatically identify your computer by its IP address. The Site and Services may also use technology called "tracer tags". These may also be referred to as "Pixels", "Clear GIFs" or "Web Beacons". This technology allows us to understand which pages you visit on our Site and other ways you interact with our Site and Services, such as purchases made through the Site and Services. These tracer tags are used to help us to optimize and tailor our Site and Services for you and other users of our Site and Services. We may link the information we record using tracking technologies to Personal Information we collect.

- *Do Not Track*

Do Not Track (DNT) is a privacy preference that users can set in some web browsers, allowing users to opt out of tracking by websites and online services. At the present time, the World Wide Web Consortium (W3C) has not yet established universal standards for recognizable DNT signals and therefore, Angi and the Site do not recognize DNT.
